Friday, October 11. 1747.

From the Hague Courant, dated Oct. 8.

Ratisbon, September 30.

**O**N Sunday last the Imperial Principal Commissary caused Te Deum to be sung in the High Church, for the late Victory in Hungary; and in the Evening made a great Entertainment, to which were invited all the Ministers of the respective Princes and States of the Empire. The Cannon round the Walls of the City were three times fired at Noon, and the Palace in the Evening was finely illuminated, where the common People were regaled with Wine, which run freely to them for two Hours. The Envoys of the Protestant Princes and States, have deliver'd their Complaints of several Grievances the Protestant Subjects of the Sultzbach Territories are under, being interrupted in the free Exercise of their Religion; that the Roman Catholics are not only hinder'd from coming over to the Protestant Religion, but that the Children of the Inter-marriages of Popish and Protestant Parents, are without Distinction, and contrary to the Will of the Protestant Parent, led to the Popish Church, contrary to the establish'd Liberty of Conscience, ascribed to by the reigning Duke of Sultzbach and his Predecessors, against to the Constitution of the Empire, and the Westphalian Treaty, the Treaty for Religion, and the Imperial Edict. Whereupon they pray for speedy Redress. This Request has had such Success, that the Margrave of Bareith has in very strenuous Terms represented this Case to the Palgrave of Sultzbach, and desir'd that he would observe the said Treaties, and let his Subjects inviolably enjoy the Benefit of them. This may probably occasion some great Debate in the Diet.

From the Amst. Courant, dated Oct. 9.

Amsterdam, Oct. 8. Letters from Hamburg advise, that they go on at Gluckstadt in stopping all Hamburg Ships, without giving any Reason for it.

From the Amst. Courant, dated Oct. 12.

Hamburg, Oct. 8. The Arrest of our Ships at Gluckstadt is still continued, two from England and one from France being this Week seized there. But what single Reason they pretend to give for it, cannot be comprehended. They stop all other Ships also, and the French Envoy M. Pouffin has protested in the Name of the King his Master, against the Arrest made by the King of Denmark of some French Ships, and demands immediate Satisfaction. And this Day an Express from the King of Poland pass'd thro' this City, going to the Court of Denmark, to make Complaints, that the Goods for the Mart of Leipshick have been stop'd in this Arrest laid upon all Ships passing up the Elbe. The Resident of their High Mightinesses has likewise made Complaints to the Danish Commissary M. Flügge, upon Occasion of divers Holland Ships that have been arrested. To whom 'tis said that Commissary answer'd by writing, That he did not know the Reason of this Arrest, but he had Orders to let him know, that the Dutch Effects should be restor'd, provided Proofs be given that they are really such.

From the Leiden Gazette, dated Oct. 12.

Frankfort, Oct. 6. The New Levies for the Service of the Emperour, continue with good Success, not only in this City, but also in many neighbouring Places; and a good Number of Recruits are lately sent away by Water. The respective Deputies arrive here daily to assist in the approaching Diet of the States of the Upper Rhine. They write from Cassel, that Prince Philipthal is lately arriv'd there from Hungary, where he made the Campaign as a Volunteer.

From the Hague Courant, dated Oct. 13.

Maastricht, Oct. 8. They work apace upon the Reduction of the Castle of Huy and the Ports. But they are slower at Liege, where the Palisadoes only are taken down. The Prince of Holstein

Beck is come hither from Aix la Chapelle, to return to his Government of Ypres.

Brussels, Oct. 11. Men having work'd for the last three Days and Nights with extrem Diligence in finishing the Preparations for the Inauguration of the Emperour, it is this Morning compleated. The Cavalcade is to begin at 11 a-Clock this Forenoon, and proceed from the Kautersteen to the Great Church, where Service is to be perform'd with great Solemnity in the Presence of the Marquis de Prié, who is to represent the Emperour, and from thence the Prelates and Noblemen, mounting again on Horseback, march along the Berg-straet, by the Great Market, up the Magdalena-way, and so to the Court where the Theatre stands, whereon the Inauguration is to be performed at 4 in the Afternoon. The extraordinary Conflux of People come hither from all Parts, to see this splendid Solemnity, is incredible.

From the Amst. Gazette, dated Oct. 8.

Hague, Oct. 6. Here are published two Placards of the States General, dated Sept. 28. One whereof declares, That their High Mightinesses have thought fit to make a new Regulation to be observ'd by all Ships both Domestic and Foreign, which load Goods in this Country to sail to the Straights, into the Mediterranean or the Archipelago, or that come from thence. The other contains that Regulation which consists of 22 Articles, the principal whereof are, That the Emperour of Morocco, and the Regency of Algier, having peditiously violated the last Treaty concluded with them, and taken the Ships of the Inhabitants of this Coast, and made the Men Slaves. For preventing the Continuance thereof, their High Mightinesses ordain, that all Ships design'd for the Straights, the Mediterranean, or the Archipelago, or which come from thence, shall be mounted with a certain Number of Cannon, and Men, and furnish'd with Arms and Ammunition suitable to their Burden, &c. upon the Penalties contain'd in this Regulation, which is to remain in force for Ten Years.

Hague, Oct. 12. The Province of Zealand has, by its Deputies, represented to the Assembly of their High Mightinesses, that they are very much surpris'd to see, that certain Resolutions have been there taken by Plurality of Voices, notwithstanding the Opposition made by their Deputies: And pretends that according to the Union, and the Fundamental Laws of the Republick, a unanimous Consent of all the Provinces is necessary, when any thing essential to the whole is agitated, especially in all things relating to the Privileges and Prerogatives of a Province. Which Representation is put into the Hands of the Deputies of the Finances to be examin'd and reported. The Council of State having communicated a Letter to their High Mightinesses written by the Council at Maastricht, concerning the Swiss Companies which (according to the Resolutions that have been taken) are to be disbanded; have added their own Remarks upon the Difficulties and Prejudice which attend the breaking of those Companies.

The States have again by their Minister at Brussels, press'd the Marquis de Prié, to procure an Accomplishment of the Execution of the Barrier Treaty, the rather, in that the Magistrates of the Conquer'd Towns cannot take the Oath of Fidelity and Obedience to the Emperour, till they are absolv'd of the Oath which they have provisionally taken to the States; which is what however will be demand'd of them at the great Solemnity that is going to be celebrated throughout all the Austrian Netherlands. The Secretary of Sweden M. Preiz, has presented a Memorial, which contains in Substance, that his Swedish Majesty is very much surpris'd to see their High Mightinesses insist so much upon a free

Commerce in Norway and Denmark, to which he can never agree, unless they can procure of the King of Denmark, Liberty of Trade for his Subjects, and secure them against the Danish Privateers. Upon which, their High Mightinesses answer'd, that the Difference between their Danish and Swedish Majesties no ways concern them, and it does not belong to them to pretend to order any thing to the King of Denmark; but that they know how to take Measures to curb the Swedish Privateers: And 'tis talk'd, that the States will equip 12 Men of War, to secure the Navigation of the Northern Seas, against all Privateers.
